

CANDIDATE CONFIDENTIALITY AND IP AGREEMENT (Interview & Evaluation Stage)

This Candidate Confidentiality and IP Agreement ("Agreement") is entered into as of December 7, 2025 ("Effective Date") by and between:

Movo AI, Inc., a Delaware corporation ("Company"), and Vidish Raj ("Candidate").

Company and Candidate may be referred to individually as a "Party" and collectively as the "Parties."

1. PURPOSE

In connection with Candidate's interview and evaluation process with Company (the "Purpose"), Company may disclose certain confidential information to Candidate and may invite Candidate to complete technical exercises or other tasks. This Agreement sets out the terms under which that information is protected and how any related intellectual property is owned.

2. DEFINITIONS

2.1 Confidential Information. "Confidential Information" means all non-public information that is disclosed or made available by Company to Candidate, directly or indirectly, in any form (oral, written, electronic, visual, or otherwise), including: business plans, strategies, financials, operations, product roadmaps, code, scripts, prompts, workflows, models, datasets, infrastructure, documentation, designs, customer or user information, vendor or partner information, technical specifications, training materials, and interview prompts or discussions, as well as Company Materials (defined below). Confidential Information also includes confidential information of Company's customers, partners, and other third parties that Company is obligated to protect.

2.2 Exclusions. Confidential Information does not include information that Candidate can demonstrate through contemporaneous written records: (a) is or becomes generally available to the public through no breach of this Agreement by Candidate; (b) was lawfully known to Candidate, without restriction, prior to disclosure by Company; (c) is independently developed by Candidate without use of or reference to any Confidential Information; or (d) is lawfully received from a third party who did not acquire or disclose such information in violation of any legal or contractual obligation.

2.3 Company Materials. "Company Materials" means all documents, data, code, scripts, prompts, workflows, models, datasets, APIs, product specs, prototypes, diagrams, and other materials provided or made available by or on behalf of Company to Candidate for the Purpose, including any coding challenge description, starter code, or access credentials.

2.4 Submissions. "Submissions" means all work product, deliverables, and other materials that Candidate creates, develops, or submits to Company in connection with the Purpose, including without limitation: code, scripts, prompts, workflows, models, datasets, documentation, designs, notes, written answers, and feedback, whether or not such materials are based on or incorporate any Company Materials.

2.5 Background IP. "Background IP" means any inventions, code, tools, models, frameworks, libraries, algorithms, know-how, processes, or other intellectual property that: (a) were owned or controlled by

Candidate prior to the Effective Date; or (b) are developed by Candidate wholly independently of and without use of any Confidential Information or Company Materials.

3. CONFIDENTIALITY OBLIGATIONS

3.1 Non-Use and Non-Disclosure. Candidate will: (a) hold all Confidential Information in strict confidence; (b) use Confidential Information solely for the Purpose; and (c) not disclose Confidential Information to any third party except as expressly permitted in this Agreement.

3.2 Standard of Care. Candidate will protect Confidential Information using at least the degree of care that Candidate uses to protect their own similar information, and in any event no less than reasonable care.

3.3 Permitted Disclosures. Candidate may disclose Confidential Information: (a) to Candidate's own legal or financial advisors who have a need to know for the Purpose and are bound by confidentiality obligations at least as protective as those in this Agreement; and (b) to the extent required by law, regulation, or court order, provided that (where legally permitted) Candidate gives Company prompt written notice of such requirement and reasonably cooperates with Company, at Company's expense, in any effort to limit or protect the disclosure.

3.4 Duration. Candidate's obligations under this Section 3 will continue during the term of this Agreement and for five (5) years after the later of (a) the conclusion of the interview process or (b) the last disclosure of Confidential Information, except that with respect to trade secrets under applicable law, such obligations will continue for so long as such Confidential Information remains a trade secret.

3.5 Residual Knowledge. Nothing in this Agreement limits Candidate's right to use general skills, experience, and know-how retained in unaided memory, provided Candidate does not use or disclose any Confidential Information or Company Materials and does not breach any other provision of this Agreement.

4. INTELLECTUAL PROPERTY; OWNERSHIP OF SUBMISSIONS

4.1 Ownership of Company Materials. As between the Parties, Company owns and retains all right, title, and interest in and to the Company Materials and all related intellectual property rights. No rights are granted to Candidate under any patents, copyrights, trade secrets, trademarks, or other intellectual property rights of Company except as expressly set forth in this Agreement.

4.2 Limited License to Company Materials. Company grants Candidate a limited, non-exclusive, non-transferable, non-sublicensable, revocable license to use the Company Materials solely for the Purpose and only for the duration of the interview process. Candidate will not use Company Materials for any other purpose.

4.3 Ownership and Assignment of Submissions. To the fullest extent permitted by applicable law, and subject to Section 4.4 (Background IP), Candidate hereby irrevocably assigns, and agrees to assign, to Company all worldwide right, title, and interest in and to the Submissions, including all intellectual property rights therein, immediately upon creation. If any Submissions do not qualify as "works made for hire" under applicable law, this present assignment is intended to, and does, transfer ownership of

such Submissions to Company.

4.4 Background IP; License to Company. Background IP is and shall remain the sole property of Candidate. However, to the extent any Background IP is incorporated into or necessary to use the Submissions or Company Materials, Candidate hereby grants Company a perpetual, irrevocable, worldwide, royalty-free, fully paid-up, transferable, and sublicensable license to use, reproduce, modify, create derivative works of, distribute, perform, and display such Background IP as part of or in connection with the Submissions, Company's products or services, or Company's business.

4.5 Moral Rights. To the fullest extent permitted by applicable law, Candidate hereby irrevocably waives, and agrees not to assert, any and all claims to moral rights (including rights of attribution and integrity) in the Submissions and any modifications or derivative works thereof.

4.6 Further Assurances. Candidate agrees to execute such documents and take such actions as Company may reasonably request, at Company's expense, to confirm, perfect, or enforce Company's rights in the Submissions and any licensed Background IP, including assisting with the preparation and prosecution of patent, copyright, or other IP applications.

5. USE RESTRICTIONS; NO MODEL TRAINING

5.1 No Reuse of Company Materials or Confidential Submissions. Candidate will not, without Company's prior written consent: (a) use or reuse any Company Materials or Confidential Information for any purpose other than the Purpose; (b) disclose or make available any Company Materials or non-public portions of the Submissions to any third party; or (c) use any Company Materials or Confidential Information to design, develop, or support any product or service that competes with a then-current or planned product or service of Company of which Candidate becomes aware through the interview process.

5.2 No Model Training. Candidate will not use any Company data, prompts, Company Materials, or Confidential Information to train, fine-tune, or otherwise improve any machine learning or artificial intelligence models, tools, or services, except as expressly authorized in a separate written agreement signed by Company.

5.3 Third-Party Tools. Candidate will not upload or input any Company Materials, Submissions, or Confidential Information into third-party generative AI or machine learning tools, code assistants, or similar hosted services, except (i) local tools running entirely on Candidate's own hardware, or (ii) as expressly authorized by Company in writing.

5.4 General Know-How. For clarity, nothing in this Section 5 prevents Candidate from using general ideas, techniques, and skills they already possessed or lawfully acquire elsewhere, so long as Candidate does not use or disclose Company Materials or Confidential Information and does not violate any other provision of this Agreement.

6. RETURN OR DESTRUCTION OF MATERIALS

Within two (2) business days after the earlier of (a) Company's written request or (b) conclusion of the interview process (including any pause or cancellation communicated by Company), Candidate will: (i)

cease all use of the Company Materials and Confidential Information; and (ii) return to Company or securely destroy all Company Materials and Confidential Information in Candidate's possession or control, including any copies, extracts, or summaries, in any medium.

At Company's request, Candidate will confirm in writing that such return or destruction has occurred, except that Candidate may retain one archival copy solely as required for legal or compliance purposes, subject to the confidentiality obligations in this Agreement.

7. NO EMPLOYMENT OR CONTRACTOR RELATIONSHIP

7.1 No Offer or Guarantee. This Agreement and any discussions between the Parties do not obligate Company to make any offer of employment or engagement to Candidate, nor obligate Candidate to accept any such offer if made.

7.2 No Relationship Created. Candidate acknowledges that entering into this Agreement and participating in the interview process do not create an employment, agency, joint venture, or partnership relationship between the Parties, and do not make Candidate a contractor of Company for any purpose, including tax or benefits.

8. REMEDIES

Candidate acknowledges that any breach of this Agreement, including unauthorized use or disclosure of Confidential Information, Company Materials, or violation of Section 4 or 5, may cause irreparable harm to Company for which monetary damages may be an inadequate remedy. Accordingly, in addition to any other remedies available at law or in equity, Company will be entitled to seek immediate injunctive and other equitable relief (without the need to post a bond or prove actual damages) to prevent or curtail any such breach or threatened breach.

9. GOVERNING LAW AND VENUE

This Agreement is governed by and will be construed in accordance with the laws of the State of Delaware, without regard to its conflict-of-laws principles. The Parties agree that any action or proceeding arising out of or relating to this Agreement will be brought exclusively in the state or federal courts located in Delaware, and each Party hereby submits to the personal jurisdiction of such courts and waives any objection to venue or forum non conveniens.

10. ASSIGNMENT

Candidate may not assign or transfer this Agreement, in whole or in part, by operation of law or otherwise, without Company's prior written consent. Company may assign this Agreement without Candidate's consent to any affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of Company's assets or business to which this Agreement relates. Any permitted successor or assignee of a Party will be bound by this Agreement.

11. MISCELLANEOUS

11.1 Entire Agreement. This Agreement contains the entire understanding between the Parties with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements,

understandings, and communications, whether written or oral, relating to such subject matter.

11.2 Amendments. Any amendment or modification of this Agreement must be in a written instrument executed by both Parties.

11.3 Waiver. No waiver of any provision of this Agreement will be effective unless in writing and signed by the Party against whom the waiver is asserted. The failure of either Party to enforce any provision will not constitute a waiver of future enforcement of that or any other provision.

11.4 Severability. If any provision of this Agreement is held to be invalid, illegal, or unenforceable, such provision will be enforced to the maximum extent permissible, and the remaining provisions will remain in full force and effect.

11.5 Counterparts; Electronic Signatures. This Agreement may be executed in counterparts (including via electronic or digital signature and by PDF or similar electronic transmission), each of which will be deemed an original and all of which together will constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.
